In accordance with section 252S(1) of the Corporations Act, the Trustee has appointed Joseph Galvez, Director, or his delegate as the Chair of the Meeting.

Business of the meeting

The business of the Meeting will consist of the following resolutions:

Resolution 1 – Termination of the Trust

To consider, and if thought fit, pass the following resolution:

“It is **resolved as an extraordinary resolution** of the members of the BrickX Platform (ARSN 613 156 433) (**Scheme**) who hold the class of interests in the Scheme represented by units (**Bricks**) in the BrickX Trust No. 7 (**Trust**) that the Trust is terminated in accordance with clause 4.2(a) of the deed establishing the Trust (**Trust Deed**) and the Trustee wind up the Trust in accordance with clause 22 of the Trust Deed.”

Resolution 2 – General power

If Resolution 1 is passed, to consider, and if thought fit, pass the following resolution:

“It is **resolved as an ordinary resolution** that each director and company secretary of BrickX Financial Services Limited (ABN 67 616 118 088, AFSL 494878) is authorised to do all things necessary or desirable to give effect to Resolution 1 including, without limitation, sell property located at 322 Esplanade East, Port Melbourne VIC 3207 (**Property**), signing documents, lodging any forms or notices with any authority and, following settlement of the sale of the Property, wind up the Trust.”

Dated 30 June 2021

By order of the board

A handwritten signature in black ink that reads "Joe Galvez". The signature is written in a cursive, flowing style.

BrickX Financial Services Limited

Background

1.1 Factual background

The BrickX Platform launched in 2016. The BrickX Platform consists of an online platform facilitating the acquisition (and in some circumstances, disposal) by members of indirect interests in residential investment properties. A key objective of the BrickX Platform is to create an investment structure which has an investment outcome that closely reflects the economics of a prorated direct investment in the underlying residential investment property. Each residential investment property is held in a BrickX Trust, a unit in which is referred to as a Brick. The BrickX Platform is a single registered managed investment scheme comprising a series of BrickX Trusts, interests in which are available only to members of the Scheme. The Trustee has appointed The Brick Exchange Pty Ltd (the **Manager**) to manage the BrickX Platform and the BrickX Trusts.

Interests in the BrickX Platform and interests in each BrickX Trust are offered under a Product Disclosure Statement (**PDS**). As stated in the PDS, each BrickX Trust terminates on the earliest of:

- the date approved as an extraordinary resolution by Brick Holders with at least 50% of the total votes that may be cast;
- on the date specified by the Trustee in a notice given to Brick Holders as the date on which the BrickX Trust terminates; or
- the date on which the BrickX Trust terminates in accordance with another provision of its trust deed or by law.

BridgeLane Capital Pty Ltd (ABN 67 616 118 088) (**BridgeLane**) holds Bricks in the Trust and has requested in writing that the Meeting be convened to consider Resolution 1 (an extraordinary resolution to wind up the Trust). The Meeting has therefore been convened for this purpose.

BridgeLane currently holds 54.05% of the Bricks on issue in the Trust. BridgeLane has advised that it intends to vote in favour of the Resolutions. Assuming that BridgeLane votes in favour of the Resolutions, they will both be passed and the Trust will be wound up.

To enable Members to make an informed decision on each of the Resolutions, the Explanatory Memorandum attached to this notice provides further information about each of the Resolutions set out above.

1.2 Background to the Resolutions

Resolution 1

Brick Holders are being asked to approve the winding up of the Trust.

The winding up process will involve the Property being sold and, after all outstanding liabilities have been met, Brick Holders will each receive their pro rata share of the net proceeds as a deposit in to their BrickX Wallets.

Resolution 1 is an extraordinary resolution and will only be passed if Brick Holders who collectively hold at least 50% of the Bricks on issue in the Trust - that is, at least 5,000 out of the 10,000 Bricks on issue - vote in favour.

Resolution 2

The purpose of Resolution 2 is to authorise the Trustee to undertake all necessary and desirable actions to effect Resolution 1, which will involve the sale of the Property.

Resolution 2 is an ordinary resolution and will be passed if more than 50% of the votes cast by Brick Holders entitled to vote are in favour of the Resolution. Resolution 2 will only be considered at the Meeting if Resolution 1 is passed.

Voting

Entitlement to vote

For the purposes of the Meeting, persons who are registered as Members of the Scheme and as Brick Holders at 5.00pm (Melbourne time) on 30 June 2021 will be entitled to vote and attend the Meeting (by video and teleconference only).

NOTE: The Order Book will be closed from this time and until further notice trading in Bricks will not be available. The Order Book will only be re-opened if the Resolutions do not pass.

Voting exclusions

Section 253E of the Corporations Act provides that the responsible entity of a registered scheme and its associates are not entitled to vote their interest on any resolutions if they have an interest in the resolution other than as a member.

Neither the Trustee nor its associates will vote on the resolution unless they do so as a proxy and the appointment specifies the way they are to vote and they vote in that manner.

Quorum

The quorum for the Meeting is two Brick Holders who are present and entitled to vote. For the purpose of determining if a quorum is present, a person who is appointed as a proxy by a Brick Holder is included if the Brick Holder who appointed them is not in attendance.

If the quorum is not present within 30 minutes of the time the Meeting is due to commence, the Meeting will be dissolved and adjourned to a date, time and place specified by the Trustee.

Voting by poll

All resolutions will be decided by way of a poll. On a poll, each Brick Holder present in person or by proxy has one vote for each dollar of the value of total Bricks they hold in the Trust.

In accordance with section 253F(c) of the Corporations Act, the value of an interest in a registered managed investment scheme is the amount that the responsible entity determines in writing to be the price that a willing but not anxious buyer would pay for the interest if it was sold on the business day immediately before the day on which the poll is taken. For the purposes of the Meeting, the value of Bricks will be calculated as at 10.45 am (Melbourne time) on Monday 26 July 2021.

How votes are calculated

Each Brick Holder will have one vote for each dollar, being the value of the Bricks held in the Trust.

Where the value of your vote comprises cents, your vote will be rounded down to the nearest whole dollar.

As all Bricks in the Trust are equal in value, the proportion of total votes you have will be equivalent to the proportion of total Bricks in the Trust that you hold. There are 10,000 Bricks on issue, so each Brick effectively represents 0.01% of the total votes.

The Trustee has appointed CorpVote Pty. Ltd. (**CorpVote**) to assist with the voting process. They will manage and collate all the proxy votes for these resolutions during the notice period.

CorpVote will also manage and collate any votes cast during the Meeting. However, Brick Holders are encouraged to vote ahead of the Meeting.

Can I sell my Bricks before the Meeting?

With effect from 5.00pm Melbourne time on 30 June 2021, the Order Book is closed and you cannot buy or sell Bricks in the Trust.

This does not affect the ability to trade Bricks in other BrickX Trusts which hold properties which are not being considered for sale.

Whether or not there can be subsequent trading in Bricks through the Order Book after the Meeting will depend upon whether the Resolutions are passed at the meeting, and (if they are passed) whether the sale of the Property proceeds.

How to vote

Ordinarily, Brick Holders would be entitled to attend the Meeting in person and could cast their votes in person at the Meeting. Unfortunately, due to potential Federal and State government measures that may be in place to protect public health and safety and stop the spread of the COVID-19 virus and which may restrict the number of people per square metre who can gather in an indoor space, the Trustee is unable to allow Brick Holders to attend the Meeting in person. The Trustee also cannot allow Brick Holders to appoint any other person as a proxy or a representative of a company to attend the Meeting in person.

Brick Holders will have the opportunity to attend the Meeting via video and teleconference, make comments and ask questions and to vote on the day of the Meeting.

Any Brick Holder who wishes to vote on the Resolutions prior to the Meeting MUST:

- complete a proxy form;
- appoint the Chairman of the Meeting to vote on their behalf; and
- direct the Chairman how they wish their vote to be exercised.

To avoid potential technical glitches and expected delays that could arise if a large number of votes are cast at the Meeting, the Trustee strongly recommends that Brick Holders vote by proxy ahead of the Meeting.

Voting by proxy

As the Meeting will be held virtually, Brick Holders may only appoint the Chairman of the Meeting as their proxy and direct the Chairman as to how their vote is to be exercised.

The following documents are enclosed:

- Proxy Form for Individuals
- Proxy Form for Companies

Individuals

Brick Holders who are individuals (including Brick Holders who hold their Bricks as trustee of a trust) must complete the Proxy Form for Individuals.

This can be done in one of two ways:

- use the Voter Access Code provided by email to complete and lodge the Proxy Form online via CorpVote's secure voting platform (expected to be Friday 2 July 2021); or
- print and fill out a copy of the Proxy Form for Individuals, sign it and either:
 - scan and email it to CorpVote (support@corpvote.com.au); or

- send it by mail to the address shown on the Proxy Form.

Companies

Brick Holders who are companies (including corporate Brick Holders who hold their Bricks as trustee of a trust) must print and fill out a copy of the Proxy Form for Companies, have the form signed on behalf of the company and either:

- scan and email it to CorpVote (support@corpvote.com.au); or
- send it by mail to the address shown on the Proxy Form.

Voting deadline

The Proxy Form and the original power of attorney or authority (if any) under which the Proxy Form is executed, or a copy of that power or authority which has been notionally certified as a true copy, must be received (by mail or through online lodgement) no later than 10.45 am (Melbourne time) on Sunday 25 July 2021.

Please ensure that sufficient time is allowed for postage on any Proxy Form sent by mail to ensure it arrives prior to the deadline.

If the Proxy Form is not received by this time, it will be disregarded for the purposes of voting on the Resolutions.

Explanatory Memorandum

Purpose of the Meeting

The Meeting is to be held to consider, as requested by BridgeLane, an extraordinary resolution to terminate the Trust.

The Brick Holders are being asked to approve the Trustee to commence to wind up and terminate the Trust. This will require the Property to be sold.

About the Property

The Property is located at Esplanade East, Port Melbourne VIC 3207, a suburb in Melbourne's Bayside. It is a freestanding single level Victorian residence. A Baltic pine hallway leads to a double bedroom with open fireplace and built in robes. There is a large master bedroom with built in robe and en-suite, a main bathroom with Euro-laundry located at the rear of the home and a gourmet kitchen with European appliances and stone benchtops situated between the dining and living areas. The fully decked private courtyard is connected to the living and kitchen areas, which allows for indoor/outdoor entertaining and there is also pedestrian access to a rear lane. Appointed with central air conditioning and heating, plantation shutters, alarm and garden shed, this home is a potential rental for young professionals who want a low maintenance lifestyle in a premium location.

Port Melbourne is a bayside suburb located only 5km from the Melbourne CBD. It provides residents with easy access to popular beaches, cafes, shops, parks and restaurants. Easy public transport to and from the CBD and connection to freeways makes Port Melbourne one of Melbourne's most popular and convenient locations. The suburb itself has a combination of modern

The Property was purchased for \$1,455,000 and settled on the platform on or about 3 February 2017. At the time it was purchased, it was rented for \$780 per week.

The most recent independent valuation in December 2020 was \$1,450,000. The Trust held a cash reserve of \$21,030 at the time (to provide for any expenses associated with the Property that may not be covered by the income it generates).¹

The Property is currently tenanted on a 12 month lease (expires August 2021) at \$750 per week and delivered an annualised net rental yield of 1.30% in the last 12 months which equates to net rental income of \$19,959 per annum.²

There are no outstanding loans against the Property.

Assuming the Property was sold for \$1,450,000, the estimated final distribution payable is \$144.75, which is the amount per Brick that would be transferred into Brick Holders' Digital Wallets following the sale of the Property and subsequent winding up of the Trust. This estimate has been determined based on the calculations outlined in the following table based on the Manager's best estimates at this point in time.

Property Disposal Assessment (Valuation based)	(\$)
Property Value (Dec 20) \$	1,450,000
Cash Reserve	21,030
Unamortised Property Acquisition Costs	22,900
Expected sale costs	(31,900)
Trust wind-up costs	(5,000)
Marketing costs	(6,500)
Other - including Meeting costs	(3,000)
Final Trust Asset Value (after Sale)	1,447,530
Divided by 10,000 Bricks	
Estimated Final Distribution per Brick	144.75

² <https://www.brickx.com/properties/PML01/distributions>

The Manager is in the process of obtaining an independent valuation for the Property as at 30 June 2021.

The outcome from an investment performance perspective will vary from one Brick Holder to another, based upon a number of factors including the point in time and price at which they purchased their Bricks, the income distributions they have received while holding the Bricks and their own personal tax position.

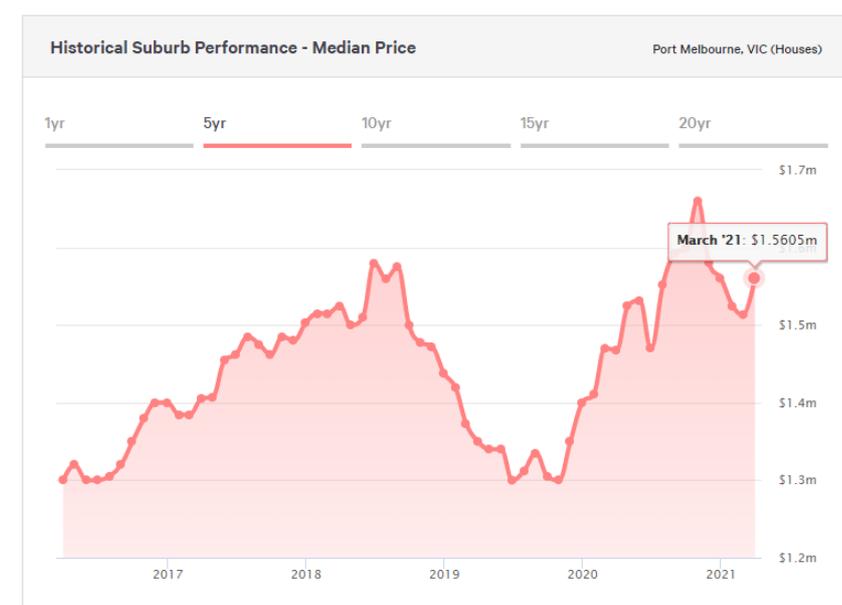

Recommendation of the Manager

The Manager has recommended to the Trustee that the Brick Holders vote in favour of terminating the Trust and to wind up the Trust by offering the Property for sale. Given the current buoyant market conditions, the Manager would recommend a sale at or above the greater of the December 2020 independent valuation (\$1,450,000) and the pending independent valuation as at 30 June 2021.

If the Resolutions do not pass, the Trust will retain the Property. However, this is unlikely as BridgeLane intends to vote in favour of the Resolutions and holds a sufficient majority of Bricks for the Resolutions to pass.

Suburb Growth

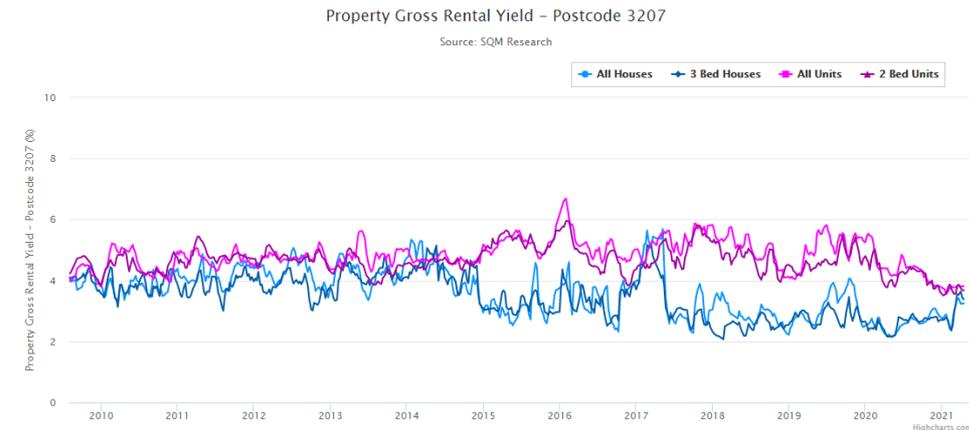

Over the past 5 years, the median price of units in the suburb of Port Melbourne has experienced an average compound annual growth rate of 5.06%. However, over the past 12 months, dwellings in Port Melbourne have experienced an average compound annual growth rate of 14.32%. As a guide, the CoreLogic index for March 2021, for all dwellings in Melbourne evidenced a recovery from the -11.1% fall between 2017 and 2019, and the -5.6% drop in values through the worst of the COVID related downturn to set a new record high in March, i.e. up by 6.7%.

Historical Rental Yield

Review of SQM Research reveals the historical gross rental yield over the past 5 years for all dwellings in Port Melbourne has declined/ remained stable, with an uptick for houses in April 2021 to 3.3% per annum as illustrated in the chart below.

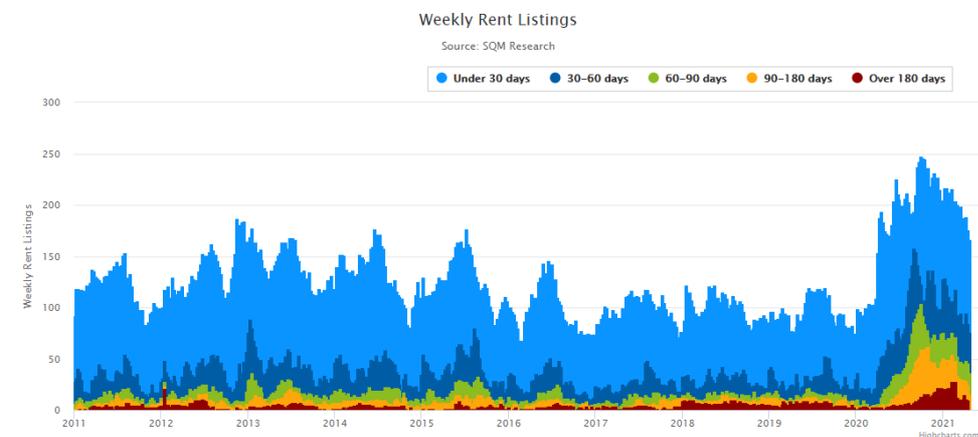

PROPERTY GROSS RENTAL YIELD - POSTCODE 3207

Rental Outlook

The chart below sourced from SQM Research illustrates the surge in available dwellings on a weekly basis available for rent in Port Melbourne since March 2020, which was at a 10 year (2011 to 2021) high of ~250 dwellings, dominated by units. Whilst the total number of available dwellings has subsequently declined, a key factor is the extended nature of listings being available for rent for 90 to 180 days. The impact of COVID-19 and associated impact of the extended lockdown in Melbourne during 2020 is reflected in the increased number of vacancies and impact on rental yields. It is difficult to determine if the Property will continue to deliver against its historical net rental yield of 1.3% per annum in this current environment.

WEEKLY RENT LISTINGS

Forecast Market Outlook

The recent pace of capital growth across Australian housing markets has been close to record breaking, with the national growth rate in March 2021 the fastest since 1988.

Such exuberant conditions have been driven by a multitude of factors including record low mortgage interest rates, a stunning surge in consumer confidence as the economic recovery beats expectations, a range of additional stimulus measures which have incentivised home buying and building, and persistently low advertised inventory levels which has created a renewed sense of urgency amongst buyers.

Melbourne dwelling values have now surpassed their previous peak to notch up a new record high. Following a decline of -6.1% through COVID-19, values have since grown by 6.7%, and are now sitting 0.2% above their recent high recorded by CoreLogic's hedonic daily home value index on 6 April 2020.

This brings Melbourne's dwelling values to 13.8% above their recent low in mid-2019, and the median value for all dwellings to \$736,478 (CoreLogic: March 2021).

Whilst there are some early signs the exuberance in the housing market may be peaking, a more likely scenario is the housing market is moving through a peak rate of growth and the pace of capital gains will gradually taper over coming months. Overall, the consensus view is for continued growth in housing values for 2021 and most likely throughout 2022.

Winding up Process

If the Resolutions are passed, the Manager will put the Property up for sale.

As noted above, the Manager will seek to sell the Property for the greater of the December 2020 independent valuation (\$1,450,000) and the pending independent valuation as at 30 June 2021.

Based upon current market conditions, the Manager reasonably expects that the Property can be sold within approximately three months.

It is noted the current 12 month lease is expiring in July 2021. Therefore the Manager anticipates that the Property can be sold with vacant possession.

What happens if the Resolutions are passed?

If the Resolutions are passed, the Trust will be wound up by offering the Property for sale. Buying and selling of Bricks will cease. This means that Brick Holders cannot offer their Bricks for sale through the Order Book.

Once the sale of the Property has settled, the outstanding loan balance will be repaid, the mortgage against the Property will be discharged and the Trust will be wound up. After all

of the expenses of the sale and winding up have been paid, a final distribution will be paid to the Brick Holders by making a transfer of funds to their Digital Wallet.

What happens if the Resolutions are not passed?

Trading in Bricks has been placed on hold pending the outcome of the Meeting. If the Resolutions are not passed:

- the Trust will continue to hold the Property;
- the Order Book will be re-opened and the ability to trade Bricks will resume; and
- Brick Holders will have the opportunity to consider whether to sell the Property at the five year anniversary of Settlement of the Trust in February 2022.

As BridgeLane has a majority holding of Bricks in the Trust, which it has advised that it intends to vote in favour of the Resolution, it is unlikely that this would occur.
